

Aging Is A Fact Of Life

A promotional banner for REGAIN treatments. It features a photo of a smiling man and woman on the left. The text reads: "Save Now! REGAIN Get 6 REGAIN Treatments including 2 FREE maintenance treatments for only \$2400! Regular price is \$3000 Limited time offer." The Broadway Clinic logo is in the bottom right corner of the banner.

REGAIN is about aging made better by living better, looking better, and feeling better. Aging is a fact of life. We don't have to stop it or do it gracefully, but we can do it better than we ever imagined. Let's find the new you with REGAIN!

Not only is The Broadway Clinic concerned with your weight and hormonal health, we also know how important a healthy sex life is. If you suffer from ED, you know how disappointing and embarrassing it can be when you are in that moment and you have difficulty attaining or maintaining your erection. Don't worry, you are not alone. According to the Cleveland Clinic, as many as 52 percent of men experience erectile dysfunction, with it affecting 40 percent of men age 40, and 70 percent of men age 70. Men who have heart disease, diabetes and are taking certain medications have higher risks of experiencing erectile dysfunction.

REGAIN is the best solution we offer for treating ED, Peyronie's disease and decreased sexual performance. REGAIN is an effective, safe, scientifically proven treatment that increases blood flow to the penis and eliminates micro-plaque in the cells. REGAIN is completely painless, plus everything is performed in our office, and it takes less than 30 minutes per procedure with no down-time afterwards. Not only that, most men start to see results after one to two treatments!

The benefits of REGAIN are vast and impactful for men that have had issues with ED. Not only can it improve sexual performance, it can also enhance erection quality. REGAIN can increase sensitivity in the penis, resulting in heightened arousal and pleasure during sexual activity. This can lead to a more satisfying sex life and replace one that may have been dismal or lacking in the past. Other benefits include more spontaneous erections and better orgasms.

The Broadway Clinic is known for helping thousands of Oklahomans lose weight. But did you know we also specialize in effectively treating erectile dysfunction? The team at The Broadway Clinic has been helping patients for over 40 years. They have developed and researched the most advanced technologies and innovative services to health and wellness for men and women in Oklahoma.

If you're looking for a boost to your sexual health, look no further than The Broadway Clinic. Request an appointment online, give us a call or come in today.

Todd Farris, D.C. is a chiropractic physician that has been practicing at The Broadway Clinic in Oklahoma City for 20 years. Throughout his practice, he has always promoted health, wellness and longevity. His goal is "to teach our patients how to be healthier and take preventative measures to increase their odds for a longer, healthier life. The healthcare world has made great strides keeping people alive, but what is the use of living longer if you don't feel well?"
